

MONOLOGUE SCRIPT - THE JOB BUSINESS PARADOX

[Different modulations of voice]

Aap karte kya hain?

Oh hello, so, what do you do exactly?

Accha accha... Kya bataya aapne? aap abhi kahaan ho?

[Coming back to basic voice]

(Small giggle) kitni ajeeb baat hai na? ki yeh saare sawaal hain toh kisi insaan yaan individual ke liye, lekin poochne waalon ka interest hummesha professional context mein hi hota hai...

Darah-sal agar ghaur farmaya ho, toh aapne ye zaroor notice kiya hoga, ki aaj-kal kaise, zyada-tar introductions sirf naam aur kaam ki information takk seemit ho kar reh gaye hain.

Tum kahaan rehte ho... Kya pasand hai tumhe... XYZ ke baarey mein aapka kya khayaal hai... ye sab kuch baad mein aata hai... Sabse pehley - Naam aur Kaam!

Well, naam toh naam hota hai... Nothing official about it... Lekin jab baat Kaam par aati hai... bohot interesting twists aur turns leke aati hai...

Toh chaliye kuch "kaam" ki baat karte hain...

Waise toh koi isey karna pasand nahi karta... lekin issey poori zindagi bachey rehna bhi equally boring aur difficult dono hai! Aur haan bhai, ismein koi toh baat hogi, jo humaare shri Krishn ne bhi iski mahima, without chaudhary ke baarey mein Arjun without Kapoor se kaha tha... "Karm kiye ja, fal ki chinta matt kar"... Fal ki chinta... (Small giggle) Fal ki chintaa ka asli matlab toh sirf vahi jaantey hain jo 1000 rupey mein kesar aam ki peti ghar laakar... Per centimetre area mein costing calculate kar-kar ke khaatey hain...

(Small giggle) Jokes apart... professionally speaking, har koi is 'kaam' ko universally do naamo se jaanta hai... JOB aur BIJNESS, as the Gurukant Desai calls it.

So, what exactly is the whole thing around this job! Well job ko aksar indian society mein [sad faced expression] bass job samjha jata hai... Unless aap Doctor ban kar koi international Hospital mein yaan IIT or IIM karke kisi MNC mein job na karte ho...

Roz subha tiffin pack karvana... Office jaa kar kaam karna aur most of the times, bina overtime ka overtime karke koi chusi hui battery ki tarah ghar aa ke so jana... Well japan yaan vagaira-vagaira ho... toh thoda aur thakne ke baad so jana! And it goes on and on...

Apni life ke kayi saal isi tarah nikaal dena, aur naya -- khudd ka business start karne ke baare mein planning karte rehna... Increment ke liye politics aur promotion ke liye buttering... Aur agar galti se koi hot new joinee aa gayi... Toh gayi buffalo swimming pool mein...

That the job life!

Lekin business, voh bhi khudd ka business... Kya kehna... 100% freedom... Jab jana hai jao. Jab aana hai aao... Jo pasand ho usey rakho... jisko fire karna hai fire kardo... Almost Heaven. Nahi?

[Sad transition of expressions]

Maine bhi yahi soch kar, badey form mein aake apni job ko goodbye karke apna business shuru kiya tha... Lekin jab khud karke dekha... Scene toh total bawandar nikla!

Jo araan waale sofey ke sapne dekhe the... Usi sofey ki price sun kar... Simple plastic chairs install karvaani padi.. Voh bhi ghar se laayi hui. Mom aaj takk mujhe apni serials dekhtey wakt unki voh signature smile ke saath kehti hai... "Bada business karna tha... Karo business!"

Sexy secretary rakh-ke romantic time ke khayaal toh dur... Abhi ek hi commerce graduate se HR/Admin aur personal secretary ka kaam karvana pad raha hai! Sachh mein. Kabhi kabhi ye BJP ki "Chalo kaam karein" ad ko dekh kar aisa TV fodd dene ka mann karta hai... Kambakhtt ye business, OLX par bhi nahi bech sakte!

[Small giggle]

Kabhi kabhi mere dil mein fir voh purana khayaal aata hai... Aaj job hoti to ye hota... Job hoti toh wogh hota... Sala ye gurubhai ki speech ne zindagi ki beep kar dali hai.

Fark sirf itna hai... ki pehle mein sirf mere boss se pareshan tha, aur abb mein, poori duniya se pareshaan hun!

[Emotional feel]

Poori zindagi dad ko 9 to 5 job karke... Kisi tarah ghar ko sambhaalte dekha aur mann hi mann ye soocha ki saala mujhe aisi ghatiya zindagi toh definitely nahi jeeni... Khud ka business karke bindaas jeena hai!

Ironically, is duniya mein job ke wandhey to itney hain ki Apple ke maalik ne bhi apni sirname mein Jobs rakha tha... Aur Microsoft ke founder ne bhi apni sirname mein naukri ke gates khuley rakkhey huve they...

Mein ye kehne ki koshish nahi kar raha ki business bura hai aur job achha... actually what I realize is... ke garden ki grass, biwi aur haath mein aayi naukri... hummesha padosi ki hi zyaada achhi dikhti hai... However reality is quite different.

Mein itni impatient aur desperate generation ko belong karta hun ki jisey failure ko bardasht karna toh dur... Reality ko face karne ki aadat bhi nahi hai... Jo poora time hey whats up... aur Lol whatsapp mein se bahar bhi dekhna pasand nahi karte...

Kitni paradoxical baat hai... job ki ghutan humein business karne ke sapne dikhaa kar sone nahi deti... aur business karte wakt ka stress aur tension bhi humein insomnia ka patient bana deta hai. Basically, neend ka haram hona to guaranteed hai... fark hai, to bus itna ki job mein sotey wakt hum apne boss ko gaali de kar sotey hain aur business mein hum apni kismet ko!

In totality... Main sirf choti si baat keh kar conclude karna chahunga, ki every job is a personal business aur harrek business ek personal job hi hai... Paise dono mein hai bhi aur nahi bhi... Lekin apne pair ko failate wakt zara apni bed sheet ki size check kar lena... warna bohot machharr katenge!
