STAYING AFLOAT WITH
NEW POC FORM 410?**

ARE THE REQUIREMENTS OF FORM 410A NEGATIVELY IMPACTING YOUR PROOF OF CLAIM PROCESS?

On December 1, 2015, the new Proof of Claim form and its attachment, Form 410A, made a direct hit on the mortgage servicing industry.

Today, many financial institutions are still struggling to produce itemized statements for every Proof of Claim, as a result of resource constraints and technology limitations.

American InfoSource (AIS) has developed a high-speed Payment Reconciliation solution that generates detailed, 410-compliant payment ledgers by transforming various payment history file formats into an easy-to-read excel format.

Benefits of Partnering with AIS to Reconcile Payment Histories:

- Eases the Manual Burden of researching, calculating and keying payment information
- Reduces / Eliminates FTE costs associated with the process
- Increases the Efficiency at which Proofs of Claim can be filed

AIS has the capabilities and resources to assist banks, credit unions, and mortgage servicers in creating accurate payment ledgers to ensure compliance.

AIS Payment Reconciliation Services can support your Proof of Claim Filing, Portfolio Data Hygiene, and Motion for Relief from Stay processes.
